GBA-3045-M-2
Bio Pants

This 8 chamber all-in-one pant offers a unique design covering the entire lower body. The garment addresses not only lower extremities, but the difficult to treat areas of the groin, buttocks and abdomen. This garment is designed to redirect tissue fluid movement from the foot all the way to the auxiliary nodes and thoracic duct for drainage while creating new channels. Sizing is not a problem for this garment, each patient is custom fitted to insure an ideal treatment is delivered each and every time. With two front zippers and easy to use pull-up straps, this garment is simple to don and doff for every single patient.

The Bio Pants provide the best possible solution for the most difficult conditions.

Key Features:
• Full Lower Body Coverage
  Bi-lateral Legs
  Groin
  Buttocks
  Abdomen
• Custom Fit
• Comfortable Foot Design
• Easy to Don and Doff
• Directional Tissue Fluid Movement

GBA-3045-M-2

INSTRUCTIONS: MEASURE THE CIRCUMFERENCE OF THE LEG USING A STANDARD MEASURING TAPE. BE SURE TO FILL IN ALL MEASUREMENTS. (#1 through #12)

NOTE: Please indicate in proper anatomical area below, any additional unusual measurements pertinent to the fitting. When measuring patients please write the exact measurements on this form below. The additional inches/centimeters for the proper fit will be added by production personnel at Bio Compression when manufacturing garments. Please send pictures if possible, it helps in the design of the pants.
