

NISUS®

NEGATIVE PRESSURE WOUND THERAPY SYSTEM

NPWT Wound Dressing Kit

Nisus NPWT Pump

Nisus NPWT Canister

The Cork Medical Products Nisus Negative Pressure Wound Therapy System is designed to provide gentle powered suction to treat and promote wound healing by aiding in the removal of excess exudates, infectious material, and tissue debris.

NISUS NPWT SYSTEM FEATURES

The Cork Medical Products Nisus Negative Pressure Wound Therapy System is indicated for use in patients who would benefit from negative pressure wound therapy particularly as the device may promote wound healing by the removal of excess exudates, infectious material, and tissue debris.

- Recommended for patients with chronic, acute, traumatic, sub-acute and dehisced wounds, partial-thickness burns, pressure ulcers, diabetic ulcers, and venous ulcers, flaps, and grafts
- FDA approved for use in hospitals, long term care facilities, and home-care settings
- Light-weight and portable, with up to 24hrs of battery life (can extend to 48hrs with sleep mode)
- User friendly interactive interface with easy to read LCD screen
- Step-by-step troubleshooting guide for alarms such as Canister Full, Vacuum Leak, and Blockage
- Multiple unique features for clinical enhancement of negative pressure wound therapy such as: patient runtime, sleep feature, alarm log, lock restriction, Variable Intermittent and Continuous Therapy Modes

COMPONENT SPECS

Comprised of three essential components that actively work together to promote wound healing, the Nisus NPWT System includes the Nisus NPWT Pump, the Nisus NPWT Canisters, and the Cork NPWT Wound Dressing Kit.

Please use under the advisement of a physician. Carefully read all therapy and device instructions and safety information prior to use. Use only Cork Medical Products components with the Nisus Negative Pressure Wound Therapy System.

- Battery charger and carrying bag included
- Medicare HCPCS Code: E2402

Model No.	Component
CMPP-100	Nisus NPWT Pump
CPC-250	Nisus NPWT 250mL Canister
